Director of Central Intelligence

23 November 1949

Assistant Director for Scientific Intelligence

Proposed agreement: CIA - A-2 - T-2

1. Colonel Watson visited OSI on 22 November 1949 for informal discussion, especially with reference to paragraph 2.j. of attached agreement.

2. Copy of agreement was left with us.

3. It appears that the problem is largely within Air Force and between T-2, which is under Air Materiel Command and A-2, which is under Air Operations.

4. We have a definite interest in seeing that T-2 analysts collaborate with ours and that T-2 has representation on appropriate scientific intelligence working committees. T-2 itself has been giving thought to the creation of committees and has done some production of intelligence in the fields of nuclear energy, BW, CW, and the like. It appears to us that the best way to prevent unnecessary duplication and to hook into the circuit the very real capabilities of T-2 in the field of guided missiles, airplane construction, and aerodynamics is to work closely with them committee-wise.

5. A great proportion of the procedural requirements lie within the purview of OCD. 400

Office Memorandum • UNITED STATES GOVERNMENT

ER-0-7738

TO : DIRECTOR
 FROM : Coordination, Operations, and Policy Staff
 SUBJECT: Proposed Agreement: CIA - A-2 - T-2

DATE: 28 November 1949

*Not used
as is*

1. [] discussed this matter with Lt. Colonel Marchant, the Air Force member of the Intelligence Advisory Committee Standing Committee on 28 November 1949.

2. The problem had been presented to the Director of Intelligence, USAF, and General Agee and his staff are working on the problem now.

3. The Director of Intelligence, USAF, will recommend to the Director of Central Intelligence any action that he feels is necessary after a complete study has been made.

4. The proposed agreement was left with the Assistant Director for Scientific Intelligence for information only, and no action is required at this time.
